

Getting access to RMS technical documents

The following information will assist users find their way too many technical documents, drawings and specifications on the RMS website.

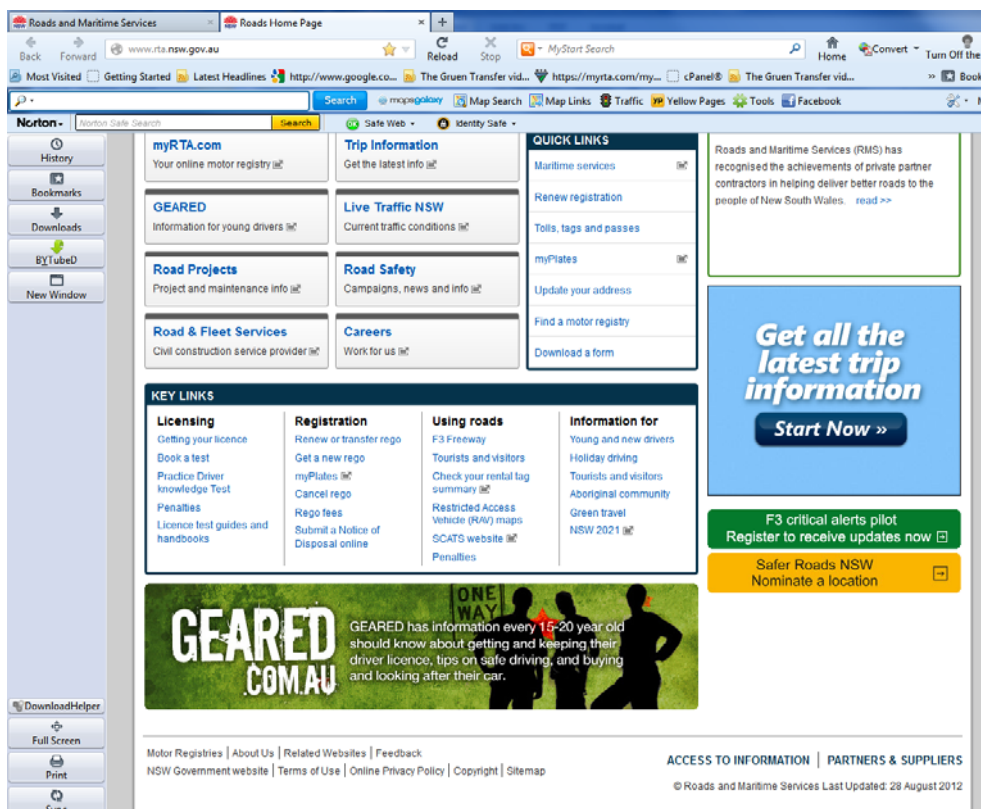

Go to www.rta.nsw.gov.au

Click on **Partners & Suppliers** in the bottom right hand side of the page (see Frame 1).

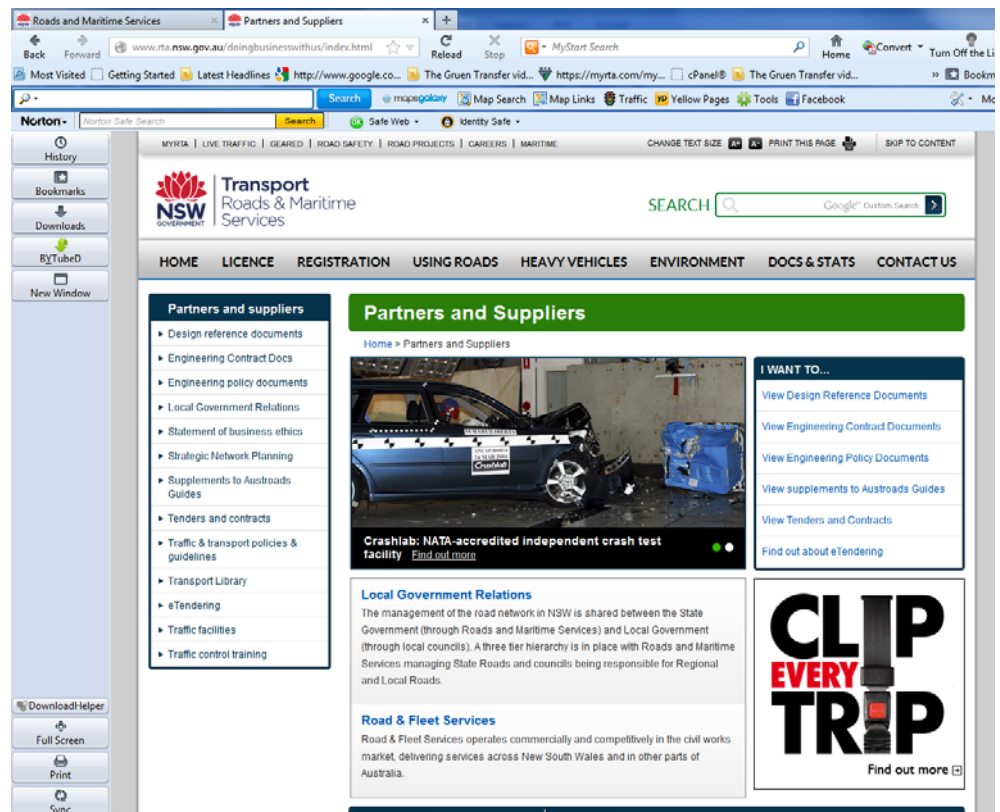

Select type of documents you wish to download from left hand frame titled **Partners and suppliers** (see Frame 2).

For example, to download RMS specifications, click on **Engineering Contract Docs**. On the new page accept the disclaimer by clicking on the icon **I accept these conditions** and then choose **QA Roadworks Specs** in the left hand frame (see Frame 3).

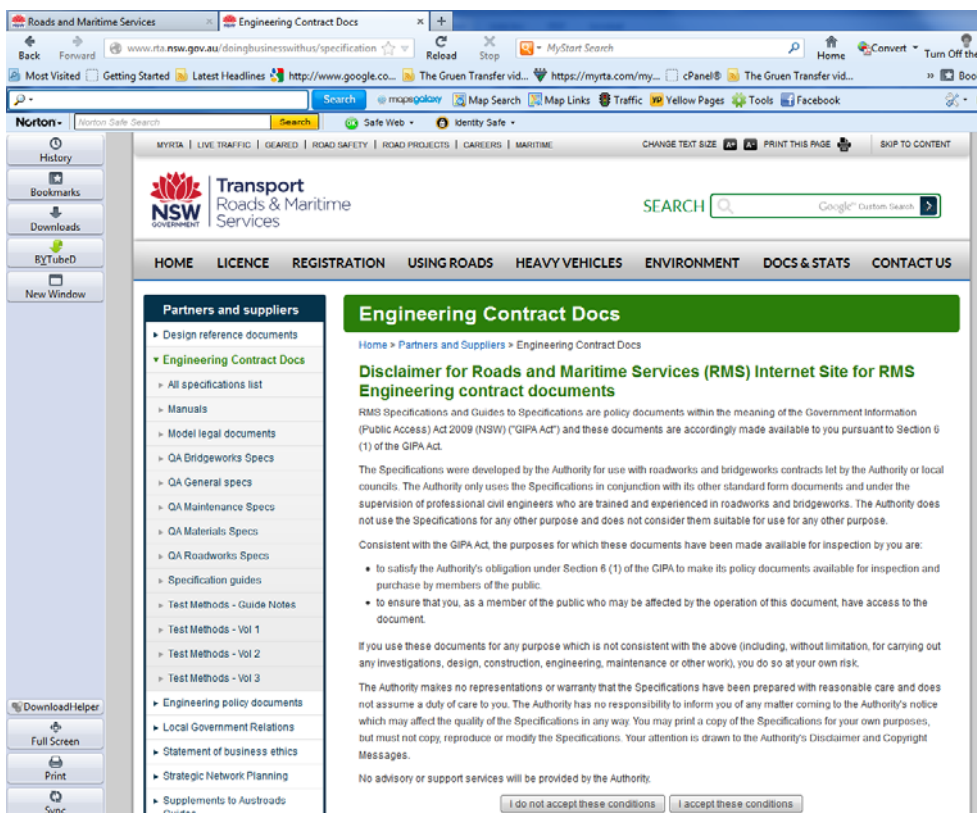

To get access to drawings, click on **Design reference documents**. On the new page accept the disclaimer by clicking on the icon **I accept these conditions** and then choose **Standard Subsurface Drainage Details** in the left hand frame.
