

COVID-19 ADAPTATION

ASCP - responding to COVID-19 challenges

ASCP will adapt to the current challenges to ensure the wellbeing of our members, stakeholders and volunteers, and in accordance with the directions and advice from Government and their Health Departments, by implementing the following changes. Our intended actions are to convert our **Forums** to shorter and more frequent online webinars. **Grey Card Training** will be suspended until further notice. Furthermore, all ASCP business meetings will be held online.

Work continues on the execution of the 2020 Strategy including: online meetings of the National Executive, preparation of *Pavement Notes*, planning of forums and training courses, and planning of our *6th Concrete Pavements Conference* to be held in 2021.

We will keep you informed through Newsletters, Website, Twitter and LinkedIn pages.

Keep well and look after your families, friends and neighbours.

Justin Moss
President

Kevin Abrams
