Direct credit

Pay directly to ASCP St George Bank Account
BSB: 112 879
Account No: 155 778 722
Please put your name in the reference field so we can identify your payment

ABOUT THIS FORUM

The current approach to pavement types in tunnels will be presented by **George Vorobieff**. His presentation will draw from work on the recently updated Austroads Guide to Road Tunnels, industry experience amongst other sources.

With substantial ongoing tunnel pavement construction ongoing in NSW, **Gary Schwarz** will provide an update on the concrete supplier's perspective. Gary will review recent developments, and unique challenges associated with concrete supply in an underground environment.

The design of tunnel pavements presents obstacles not encountered within conventional surface roads. **Jun So** will be outlining several unique design and detailing challenges associated with tunnel pavement design, including examples from several tunnel design projects across Australia.

David Kelly is leading a TfNSW wide initiative Sustainable Procurement in Infrastructure sponsored by **Pamela Henderson**, **Executive Director Technical Services** which is a multidisciplinary group across Transport - including Sydney Metro. David will provide an insight into this initiative.

Justin Moss will provide an update on recent ASCP activities and initiatives, including additional ways to get involved with ASCP going forward.

CONTINUING PROFESSIONAL DEVELOPMENT

Attendance at this event may be eligible for credit towards Engineers Australia and other organisations' Continuing Professional Development requirements.

ASCP CORPORATE MEMBERS

ASCP Corporate Members support our aims and objectives and contribute through participation, sharing of technical and industry information, and financial contributions.

Corporate Members are entitled to representative members, discounts on other memberships and event fees, discounts on Grey Card course fees, and discounts for exhibition spaces at events. They are recognised on our web site, event brochures and newsletters.

To become an ASCP Corporate Member, visit our website [HERE](#) and select the 'Sponsor' tab.
