

Construction, Contractor Capability & Innovation

How do we achieve innovation outcomes in a risk adverse concrete pavements?

DATE

Tuesday
August 16, 2022

ONLINE

Sydney (UTC+11)
08:30-11.30

Perth (WST)
06:30-9.30

Paris (CEST)
12:30-03.30

Los Angeles (PDT)
15:30-18.30

New York (EDT)
18:30-21.30

FORUM OVERVIEW

- > Concrete Pavement innovation in the USA
- > Reflections on the past : lessons that can be learned
- > RCC and pavements and challenging the status quo
 - > Award winning Pathway design
 - > ASCP Website Updates

8.30 am Welcome and introduction

Craig Heidrich

Executive Director

Australian Society for Concrete Pavements

8.40 am Short Jointed Concrete Pavement, Concept, Design, Experiences (Innovation in USA and South America)

Carol Enrique Bockelmann Campo

Associate Director - Pavements, ANZ NAC,

Sydney

AECOM

9.10 am CACA Road Note 1976-2004 - History Recaptured

John Hodgkinson

Concrete Pavement Consultant

Honorary Member

9.40 am Innovation with RCC application in NSW

Dang Bui

Civil Manager (Metro) - Infrastructure Services

- Eastern (NSW)

Fulton Hogan

10.10 am Roller Compacted Concrete - what is the fuss about

Shane Dunstan

Managing Director

Aran

10.40 am Better Shared Path Design

Justin Moss

Senior Technical Director (Pavements) and

Team Leader

Arcadis Australia Pacific

11.10 am ASCP Updates - Concrete Pavements Map - What's that Project?

James Walker

Project Development Manager

TfNSW

11.20 pm Wrap-up & Close

Tim Buckingham-Jones

Associate, Pavements

Aurecon

FEES

ASCP Member
 Free

Non-Member
 AU\$33.00 (inc-GST)

A Tax Invoice will be issued on payment.

No refunds for cancellations 2 days prior to event, but substitute names will be accepted

PAYMENT OPTIONS

Credit Card:

On website registration, select 'PayPal' and use your MasterCard or Visa Card.

Direct credit

Pay directly to ASCP St George Bank Account
BSB: 112 879
Account No: 155 778 722
 Please put your name in the reference field so we can identify your payment

ABOUT THIS FORUM

Construction, Contractor Capability & Innovation : How can we achieve these outcomes in a risk adverse concrete pavements?

The **goal for this forum** is to bring together key experts within the **concrete pavement supply chain** and understand the challenges, drivers, tools and possible pathways towards increasing innovation and the **competitive advantage of concrete pavements**.

Carol Enrique Bockelmann Campo will open the forum sharing his 20+ years of experience in pavement engineering and pavement Asset management focusing on Short Jointed Concrete Pavement, Concept, Design, Experiences (Innovation in USA and South America). **John Hodgkinson** will share some reflections on the past : lessons that can be learned.

Dang Bui and **Shane Dunstan** will share their respective insights in the use of Roller Compacted Concrete (RCC) and innovation. Shane will share a few studies funded by the RCC Pavement Council (USA) into volumetric density of RCC and jointing and RCC capability within Ports, Intermodal, Factories, Reservoirs, Roads and Streets.

Justin Moss has re-recorded for members the Award winning Pathway design and James Walker will provide an update and time permitting a demonstration of the rich insights and data you can extract from the Concrete Pavements Map Project.

CONTINUING PROFESSIONAL DEVELOPMENT

Attendance at this event may be eligible for credit towards Engineers Australia and other organisations' Continuing Professional Development requirements.

ASCP CORPORATE MEMBERS

ASCP **Corporate Members** support our aims and objectives and contribute through participation, sharing of technical and industry information, and financial contributions.

Corporate Members are entitled to representative members, discounts on other memberships and event fees, discounts on Grey Card course fees, and discounts for exhibition spaces at events. They are recognised on our web site, event brochures and newsletters.

To become an ASCP **Corporate Member**, visit our website [HERE](#) and select the 'Sponsor' tab.
