ABOUT THIS FORUM

The November 2024 ASCP Pavement Technical Forum will feature speakers across the full spectrum of the concrete paving industry, with topics as widely varied.

The morning sessions will see Richard Wix (NTRO) deliver an outline of "The Science of Ride Quality Measurement", followed by Jun So (Arcadis) walking us through the Design Principles of CRCP. Following Jun, Jovan Trajanoski (Dowsing Group) shares the 15 Years of Successful Australian Experience in Diamond Grinding.

After a morning tea break, Tim Buckingham-Jones (Aurecon) will present an overview of Light Rail Tracks lab Designs, followed by Ming Yang (SMC) and Farid Khayyer (Tonkin+Taylor), who will provide an update on the performance and designers' perspective of the North East Link. Rounding out the morning sessions, Simon Keane (AECOM) discusses Paving in the Public Domain, setting the stage for our networking lunch.

Following the lunch break and concluding the days activities, Brendan Leader (NTRO), will conduct a tour through the NTRO headquarters.

CONTINUING PROFESSIONAL DEVELOPMENT

Attendance at this event may be eligible for credit towards Engineers Australia and other organisations' Continuing Professional Development requirements.
